Newport Daily News.

VOL. XXV–No. 109. NEWPORT, R. I., TUESDAY AFTERNOON, MAY 9, 1871. Single Copies Three Cents

The Newport Daily News
IS PUBLISHED BY
DAVIS & PITMAN,
At No. 12 Church Street.
Terms $6,00 Per Annum.

ADVERTISEMENTS will be inserted for $1,00 a square for the first insertion and 25 cts. for each subsequent insertion. Ten lines or less, Nonpareil type, (like this) make a square.

Transient Advertisements must be paid for in advance.

The privilege of yearly advertisers (of all classes) is limited to their own immediate business, in their own name. It does not include Legal Notices, Auction Sales, Lost and Found, Cards, Wants &c. When contracts for yearly advertising are discontinued before the year expires, the publishers will claim the right to charge for the advertising done at the transient rates.

Editorial Notices, or Articles to be inserted in the reading columns will be charged fifty per cent. extra, reckoning by the space occupied.

No paper discontinued until arrearages are paid, unless at the option of the publishers.

ESTABLISHED 1857.
500,000 PEOPLE
Throughout the United States & Canadas,
HAVE USED
DR. J. MILLER'S
SOOTHING & HEALING
BALSAM,

And cheerfully recommend it to the public as being the BEST FAMILY MEDICINE in the world for all internal and external complaints for which it is recommended. It is fast gaining popular favor, and has already reached extensive sales. All we ask, in order to convince the most skeptical of the powerful efficacy of THIS GREAT REMEDY, is the trial of one bottle, costing only 20 cents, and you will never be without it or hesitate to recommend it to your friends. Sold by druggists everywhere. Every bottle used according to directions is warranted to cure, or money refunded.

The proprietors CHALLENGE THE WORLD to produce its superior as a remedy. Testimonials received daily in reference to the astonishing cures it has performed. It is used and recommended by prominent physicians throughout the country.

It has proven infallible for Burns, Scalds, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the side, back or shoulders, Piles, Corns, Chilblains, Chapped Hands, Stiff Neck, Ague in the face or breast, Ear Ache, Deafness, Loss of Motion of Limbs, Poisoning, Erysipelas, Inflammation of the Eyes, Inflamed Irritation of the Skin. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Croup, Hoarseness, Sore Throat, Dry Cough, Asthma, Whooping Cough, Canker in the Mouth, Sore Lips, Inflammation of the Bowels, Dysentery, Kidney Complaints and Cholera Morbus.

THE "BALSAM" has also given great relief in many cases of Diphtheria.

No person need fear to use this medicine, as it is purely vegetable in its composition. It is soothing and healing in its influence, and may be given to any age or sex with perfect safety.

☞ Sold by Druggists generally.

NEW ADVERTISEMENTS.

THE METHODIST, of New York, has always been edited with marked ability by Rev. Dr. CROOKS. Its publishers have just added to its editorial corps, Rev. ABEL STEVENS, an equally experienced journalist, and author of the best History of Methodism extant. They have also engaged contributions and sermons from the Rev. T. De Witt Talmage, whose success and popularity as a preacher, writer and lecturer, are almost unexampled, and whose free Tabernacle in Brooklyn, with its congregation of over 3,000 people, is one of the marvels of the age. REV. HENRY WARD BEECHER has a Lecture Room Talk every week.

THE METHODIST abounds in good things, is never dull or dry, has stories for children, hints for farmers, and something for everybody. Mrs. Willing's great serial story is almost ready. They offer for the price of one year's subscription ($2.50) to send THE METHODIST from now until July 1st, 1872. Specimen copies free. 114 Nassau Street, New York.

NORWOOD, N. J.—Professional Men, Manufacturers, Builders and others desiring business and homes near New York, should examine Norwood, where 1 sell sites and town lots at lower prices and on easier terms than can be found elsewhere, equally accessible to the city; hotels, churches, schools, stores, &c.; 15 trains daily; Northern R. R. of N. J.; 21 miles from City Hall.
J. WYMAN JONES, 161 Broadway, N. Y.

TARRANT'S
SELTZER
APERIENT.

OF A FAR HIGHER CLASS

than any other proprietary medicine of the day stands

TARRANT'S EFFERVESCENT SELTZER APERIENT,

And for this reason: It is an exact counterpart of one of the most valuable natural medicines in the world. We refer to the great Seltzer spring of Germany, to which thousands of the dyspeptic, the bilious, the rheumatic, and the victims of venal diseases resort annually, and return to their homes convalescent or cured. The Aperient is one of the first and by far the most successful of all the efforts made to reproduce, in a portable form, the popular mineral waters of Europe. **See that you purchase only the genuine article.**

SOLD BY ALL DRUGGISTS.

BISHOP SOULE'S LINIMENT,

Invented by the late Bishop Soule, is creating a revolution in the cure of SCIATICA, RHEUMATISM, NEURALGIA, KIDNEY and SPINAL COMPLAINTS, SORE THROAT, SPRAINS, &c. The cures effected by it are almost beyond belief. Try it, and both relieve, and you will be cured. It is *the only sure cure for that dreadful disease, Sciatica.*

For sale by Druggists, price $1.50 per bottle.
F. W. RYDER & SON, Proprietors, Boston, Mass.

FRAGRANT SAPOLIENE

Cleans Kid Gloves and all kinds of Cloths and Clothing; removes Paint, Grease, Tar, &c., instantly, without the least injury to the finest fabric. Sold by Druggists and Fancy Goods Dealers. FRAGRANT SAPOLIENE CO., 33 Barclay st., New York, 46 La Salle St., Chicago.

NEWPORT.

Questions in Metaphysics.

The College *Courant* says: We have found during our independent metaphysical researches last vacation, the following philosophical discussions copied in an old number of the New Haven *Morning Courier*, which we do not find mentioned in "The Human Intellect." It may be of interest to those pursuing advanced studies in mental philosophy, and has also an important bearing on the science of chemistry:

Professor—What is a salt box?

Student—It is a box made to contain salt.

Professor—How is it divided?

Student—Into a salt-box and a box of salt.

Professor—Very well! show the distinction.

Student—A salt box may be where there is no salt; but salt is absolutely necessary to the existence of a box of salt.

Professor—Are not salt boxes otherwise divided?

Student—Yes; by a partition.

Professor what is the use of this partition?

Student—To separate the coarse salt from the fine.

Professor—How?—think a little.

Student—To separate the fine salt from the coarse.

Professor—To be sure it is to separate the fine from the coarse; but are salt boxes yet otherwise distinguished?

Student—Yes; into possible, probable and positive.

Professor—Define these several kinds of salt boxes.

Student—A possible salt-box is a salt-box yet unsold in the hands of the joiner.

Professor—Why so?

Student—Because it hath never yet become a salt box in fact, having never had any salt in it; and it may possibly be applied to some other use.

Professor—Very true; for a salt box which never had, hath not now, and perhaps never may have any salt in it, can only be termed a possible salt box. What is a probable salt box?

Student—It is a salt box in the hand of one going to a shop to buy salt, and who hath sixpence in his pocket to pay the grocer; and a positive salt box is one which hath actually and bona fide got salt in it.

An Amusing Funeral.

The Portsmouth *Times* tells the following funny little story: A laughable incident is related by a couple of ladies in this city, of the queer doings of a trio of little girls just old enough to play out of doors. One of them had lost a pet chicken by death, and her two companions were assisting her to decently inter the remains in the garden. A cigar box, decorated with flowers, answered for a coffin, and slowly and sadly the little ones laid it away in a grave which they had dug with the fire shovel. When the sorrowful task was completed, one of them came in and inquired if people didn't sing at funerals. On being told that they generally did, she ran back, and in a few minutes after the three were seen standing hand in hand around the little mound, gravely singing, "shoo fly, don't bodder me."

NEWPORT DAILY NEWS.

TUESDAY, May 9. 1871.

Morning News.

The treaty between England and America has been signed and is now ready for the consideration of the Senate, which meet tomorrow. A full session will probably be present to hear the terms upon which our difficulties with Great Britain are to be settled.

It is reported, that the President has a large number of nominations to send in when the Senate comes together.

The Connecticut investigations still continue. Evidence grows more conclusive that Jewell's vote was 579 in the 4th ward as at first reported. To make the affair conclusive, every republican who voted for Jewell is to be brought forward to give oath to that fact.

The Boston nine have won another victory in the base ball field. This time it is over the Atlantics of Brooklyn. The score stands 25 to 0.

The Murderer, Foster.

The New York *Times* says, "We do not desire to prejudice the case of the murderer Foster, but it is well for our readers to observe that he belongs to, and has been trained by our "ruling classes." He was sheltered and protected just after the murder was by his friend one of the aldermen of the city, who is said to have performed similar services for other ruffians. He will be defended, it is said, by all the legal talent that the wealth of the Ring can supply, and no doubt, if condemned, there will be such a petition to Gov. Hoffman for pardon from the aldermen and contractors as was never seen before. Altogether Foster's prospect is not so bad as it looks."

There are, moreover, many other chances for the escape of the criminal unharmed, and not the least among these chances arises from the freedom our laws give the convict, of challenging and rejecting from serving as a juror, every man, who has heretofore expressed any opinion as to the villian's guilt. In such a flagrant case of willful murder as this, and in these days of newspapers, when every fact is laid plainly before all, how can any man, who is not himself guilty of some heinous crime, help forming an opinion, and such an opinion as shall not be at all favorable to the prisoner? Such a law drives from the jury every man, in any way worthy the place, and puts therein, either knaves, or persons, who from their ignorance, have not the power of being knaves. We fully agree with the spirit of the law, in throwing around the accused man every protection to avoid an unjust sentence. It is better that many guilty persons should escape justice than that one innocent man should be punished. But in this enlightened age it would seem that some more equitable way could be found for meting out justice to all, than by longer continuing this relic of Feudal times, the trial by jury.

A panel of five hundred jurors has been summoned, hoping that out of that number twelve men may be found whom the murderer Foster will permit to sit in judgement on his case, but if he should see fit to reject every man of this five hundred, the law allows him the privilege of doing so: then another five hundred must be summoned, and so on ad infinitum. So we see that there are ways enough for the guilty wretch to clog the wheels of law, even if his friends do not come to his rescue.

The Mixed State of Things.

We have often alluded to the Connecticut and New Hampshire elections, but as affairs are growing more and more mixed from day to day we cannot forbear calling the attention of our readers, once more, to the unprecedented condition in which the politicians of these states find themselves. The constitution of Connecticut requires that where no governor has been elected by the people, the legislature shall proceed to elect, without debate, from the two candidates having the highest number of votes, and that election shall be on the second day of the session. It is claimed that it makes no difference how many days that legislature may adjourn over; the session is going on all the same. Now, according to this interpretation, when the legislature comes together again it will be the eighth day of the session. The question arises can a governor be legally elected at that late day? Or will Connecticut be compelled to exist for the coming year with no official head?

In New Hampshire the Senate is a tie, with two vacancies to be filled, and it is said that each party will resist to the utmost limit the filling of those vacancies by members of the opposite party. If such a movement should be successful, no organization can be effected. Again, in the House of Representatives there are three parties, and neither party can claim a majority of the votes. All of which indicates that a hard contest must be fought before a governor can be chosen, a state treasurer appointed, or organizations of any kind effected.

Railroad Across the English Channel.

It is proposed to lay down a cast iron tube for railway purposes between England and France. The tube would be commenced at one side of the channel, and laid at the bottom of the sea, being built up inside a a horizontal cylinder or bell, to be constantly pushed forward as the building up of the tube proceeded. The line selected for the tube to be thus submerged is close to Dover on the English side of the Channel, and would extend to Cape Grisnez on the French coast, the distance between the two points being twenty-two miles, and the average depth of water one hundred and sixty feet. According to this plan, the tube would be large enough for the passage of railway carriages of ordinary construction, whilst the traffic could be worked by pneumatic pressure thus securing a constant supply of pure air, and at the same time preventing the possibility of a collision. It is calculated that a slow train will be able to accomplish the distance in one hour and six minutes. Five thousand passengers and ten thousand tons of goods could be conveyed through the tube daily.

The Coal Mines.

A survey of the state of affairs in the coal regions reveals a much more satisfactory condition than one would gather from the daily despatches. Resumption is actually taking place in some of the largest collieries on terms entirely satisfactory to the operators, and in defiance of the authority of the Benevolent Association, which has hitherto been supreme. The movement is not general, to be sure, but it is one that gathers strength by accretion. A singular turn has been given to affairs in Scranton. There is practically a strike by the laborers against the miners. The latter have heretofore had two-thirds of the receipts, although working fewer hours are not so hard as the laborers, who receive but half as much as they. Now the laborers notify the operators that they will accept the companies' terms provided they can be allowed to do the mining. To accept such a proposition would be to strike a fatal blow at the Workingmen's Benevolent Association, but the operators are very doubtful whether the laborers could be properly entrusted with the work they wish to do. Meanwhile the internal dissension in the ranks of the working-men weakens them very much and gives promises of an early surrender and a general resumption.

Female Suffrage in Europe.

In Italy a modified sort of female suffrage law prevails. Women who own property may vote, but their vote must be cast by proxy. Foreigners, as a rule, have not the highest idea of female delicacy, but even they protest against the admittance of the sex to the turbulence of election scenes, and to the vulgar publicity of the polls. Mr. Gladstone took this view of the matter in his speech against the woman suffrage bill in the British Parliament recently. He was not prepared to sustain the measure, out of regard for womanhood, and the bill was rejected by a majority of sixty eight agaist it. But this majority is so small, comparatively speaking, that the dreadful supposition is aroused that Parliament may yet license this unnatural measure of politics.

Items.

The woman's club—The broomstick.

Wholesale mantua making—Sacking a city.

Three editors of three different Cincinnati papers have just married, and are bridal touring in New York.

The House of the Massachusetts Legislature has rejected the public park bill by 84 to 51.

The bill to allow married women to sue and be sued in actions for damages for personal injuries has passed the Legislature of Massachusetts.

Iowa farmers are going extensively into hemp raising.

The ostrich is still found wild in Syria, Arabia and Mesopotamia.

Two of the largest public charitable institutions in New Castle County, Delaware, are now under charge of homeopathic physicians.

Quite a number of Parisian merchants refuse to pay the debts which they owned German firms previous to the breaking out of the war.

Berlin has over fifty male and female fortunetellers, all of whom are said to be liberally patronized by the foolish people of the new capital of Germany.

The Cincinnati *Times* has a compositor, William McDiarmid by name, who is ninety years of age, and used to set up Walter Scott's poems from the original manuscript.

The Emperor William, of Germany, is a direct descendant of Admiral Gaspard de Coligny, who was assassinated in Paris at the St. Bartholomew's massacre August 24, 1542.

A drug clerk gave a sick horse opium for aloes. The owner of the animal proposes to have a fit of emotional insanity, and shoot the clerk.

A new county is to be made in Pennsylvania, to be called Lackawanna.

The total amount received by the New York chamber of commerce committee for the French relief fund foots up over $135,000.

General Hooker is expected to attend the national convention of the Grand Army of the Republic in Boston on the 10th instant.

There is an old line whig paper in Lee county, Alabama, which still sticks by its faith, and utterly eschews both democracy and republicanism. It is needless, perhaps to add that it asks for the Constitution as it was.

'My friend, don't you know that it is very dangerous to take a nap while the cars are in motion?' 'Why, no!' exclaimed the astonished individual waking up, 'why so?' 'Because this train runs over sleepers.'

The friends of the late Governor John A. Andrew propose to endow a professorship in the Law Department of Harvard University to bear his name.

A Virginia editor having notified correspondents that all communications intended for publication must be accompanied by the full name of the writer, received one from a lady who signs her own full name, to wit: Anna Matilda Sophia Electra Dolly Ann Potter Bell.

An Indiana paper feels called upon to rebuke the youths and maidens in its town who block up the sidewalk in front of the drug stores, while they count up their cash in hand to ascertain if they have a sufficient amount to purchase one glass of soda for each couple.

Daily and weekly newspapers are printed in considerable numbers, both in Constantinople, the metropolis of Mohamedanism, and in Rome the metropolis of Catholicism. They make in both of these cities an era of progress and reform, and are harbingers of many blessings.

The question, Does getting drunk ever advance one's happiness? would seem to be put to rest by the Irishman who went courting when drunk, and was asked what pleasure he found in whiskey,—'Oh, Biddy, it's a trate intirely, to see two of your swate purty faces instead of one.'

Remarking upon a statement that 'the Jeff Davis mansion in Richmond is now used as a public school, the Pittsburgh *Commercial* says: 'This is one of the very finest illustrations of the fulfilment of scriptural prophecy with which we have ever met. 'The kingdoms of darkness shall become the kingdoms of light.'

About Home.

The hedge about Trinity Church yard is a great improvement.

All Saints Chapel is being refitted and put in readiness for summer use.

The fishermen have seldom found "scup" more plenty than at the present.

No case of discipline has occurred in the artillery company for several years past.

The Bazar of the Ladies Aid Society of the Union Congregational Church, which has just closed, was a success.

The Post of the Grand Army in this city, are making arrangements for an appropriate observance of decoration day. The programme, however, is not yet completed.

Several parties are in town today, looking for a place where they may lay their heads during the season. Most of the furnished houses are already engaged.

DRILL.—The Newport Artillery Company will be out tonight in full force, for a street drill. Music will be furnished by the Newport Brass Band.

COURT OF JUSTICES.—The hearing in the case of the State against Peter Mahony and George Dewick for the Nichols larceny, was again continued this morning, on account of the absence of their counsel Mr. Sheffield, who is out of the city. There was no new criminal nature before this court, today.

A VALUABLE PRESENT.—The marine reporter of the Providence *Press*, B. W. Pearce Esq., received, last night, by express, from some person or persons unknown, an elegant set of boat cushions. The cushions are complete throughout and are made in a first class manner. Mr. Pearce is no doubt happy to have such generous friends although they may be unknown.

THE REDWOODS.—We understand that the Redwood Band are to obtain their new uniforms in New York, instead of their being furnished by Langley & Norman as reported a few days since. The reason of this is that some misunderstanding existed between the parties whereby the work was postponed till it was too late to have the uniforms completed before election time, consequently they were obliged to go out of town to get their work done. A man is expected in town to take their measure today, and the uniforms will be ready by the 30th.

Literary Notices.

THE AMERICAN SUNDAY SCHOOL WORKER, is a magazine which we would recommend all our Sabbath School Teachers to obtain, as it will prove of great value in their labor of teaching.

GOOD WORDS, SUNDAY MAGAZINE, GOOD WORDS FOR THE YOUNG have all been received, for May. Lippincott and Co., are the publishers, and their reputation is sufficient to indicate that the magazines are first class.

MERRY'S MUSEUM is an old friend of ours, as it is many years since we first began to read its interesting pages. Every boy and girl that sees it, will agree with us in saying that it grows no poorer. The May number is before us and its contents as good as ever.

THE RHODE ISLAND SCHOOLMASTER is abroad in the land, and a copy of the May number has reached our office. There is no use in our telling the teachers of this city that this magazine is just what every live teacher needs, for of course they know that already, and will equip themselves with a copy if they have not already done so.

New Books.

One of the most valuable books that has come to our office in a long time, is the Dictionary of English Synonymns by Richard Soule. When one is at a loss for the proper word to use to avoid an ungraceful repetition he can, if this book is at his side, readily escape that dilemma by refering to its pages. This work is a great improvement on Roget's Thesaurus or Crabb's Synonyms, each of which have long been in use, and we would recommend all who have occasion to use the pen as a means of support to procure this work as it will prove a valuable assistant.—Published by Little, Brown & Co., Boston.

A very serviceable little book to those who propose visiting New York is "The Metropolis Explained and Illustrated" published by Delvin & Co.

The Eyes.

In another place the reader will find an advertisement of the Diamond Glasses, manufactured by J. E. Spencer & Co., surmounted by the cut of a human eye which together with the printed words about it speaks very big volumes of important truth. Surely is "sight priceless," and it is equally true, that "money cannot buy it." But he who by study, skill and art, can preserve the sight and strengthen by artificial means the failing powers of vision, may be set down as a benefactor. Many opticians try to do these things, and it is to be apprehended that they ruin as many eyes as they restore. We have been shown, at the store of H. H. Heath & Co., Jewellers, on Thames Street, a specimen of the Spencer Diamond Glasses, formed from minute crystal pebbles, united by fusion, and do not hesitate to recommend them for clearness and brilliancy as the desideratum of the dim sighted. The demand for these pebbles is the best of encomiums on their real merits, for persons afflicted with glimmering or wavering of sight have a new revelation of satisfaction and even joy, opened to them, when artificial relief is thus afforded. H. A. Heath & Co., can offer this relief to such of the readers of the DAILY NEWS as require it.

A Card.

The Ladies Aid Society connected with the Union Congregational Church, return their thanks to the public in general, for the patronage to their Bazar held on the 4th and 5th of this month. Also to the friends for their generous donations. Notwithstanding the inclemency of the weather, they feel they have been repaid for their labor.

GRAY wrote on the death of his cat:

" A favorite has no friend."

But the Weed Sewing Machine—particularly the family favorite style—seems to have friends without number. Hibbard & Hawkins, agents, No. 199 Westminister street Providence.

The contracts for the completion of the middle and lower locks of the Mississippi river rapids improvement were let at Keokuk, on Saturday, one for $106,000 and the other for $104,000.

Our Providence Letter.

PROVIDENCE, May 8, 1871.

Last week's sensation was the story about the "fossil bones" which in this case were not found near the tenement of Jones," like those of which Truthful James wrote from Table Mountain, but they were brought to light by the workmen employed in tearing down the buildings opposite the Arcade, where the stately edifice known as the "Butler Exchange" is to be erected. All day Monday, crowds were in attendance and the story which had been published in the *Herald* and the *Journal* was the theme of discussion far into the week. The facts in, the case were obtained at considerable cost in a predestrianic sort of way and the Morning *Star* which emits a public ray of news about once a week failed, to get hold of the facts. The Evening *Press* of which the *Star* is a delicate off shoot, not liking to copy the account from the morning papers, "poked fun" at the idea of the bones being other than those of a porcine or bovine character. At the present time there are more who believe in the story than who accept the solution of the mystery given by the *Press*, but for myself I think as I have from the first, that while it is worth making an item of, the story is rather improbable. The *Galaxy*, however, a year or two since in an article on murders, located one in Providence, which was known to have been committed but about which the mystery was never cleared up. Those hungry for the marvellous, associate this fact with the finding of the bones and urge an analysis of what has been saved from the *debris*.

A MOST MELANCHOLY EVENT

occured here on Friday, it being the arrest and subsequent confinement in the Butler Asylum of Mr. Levi K. Joslin. This gentleman has long been a leading citizen doing a good business and enjoying the esteem of his fellow citizens. Of late years he has become identified with the Spiritualists and the result has been that his faculties have become gradually impaired culminating last week in hopeless insanity. Last Sunday he pretended to deliver a five act drama in Union Hall, which the Spiritualists claimed was inspired by Shakespeare. The performance was sharply criticised by the Press and Joslin's actions were frightful to behold from that time forth until his arrest. He threatened libel suits and communications from him, bearing the unmistakable impress of insanity, were printed as advertisements in the daily papers. On Friday he paraded the streets mounted on an ancient steed, with chains wound about him. His behavior and language attracted the attention of the mob and but for the interference of the police, personal violence would no doubt have been done him. The *Herald* this morning prints a long article on "Spiritualism" inspired no doubt by this recent illustration of its mischievous workings, in which the matter is squarely met and disposed of, in what seems to me, to be an artistic manner.

AMUSEMENTS.

We had our usual liberal allowance of amusements last week, with Oliver Doud Byron at the Opera House, Friday and Saturday evenings. The Glee Club Concert, given at the Light Infantry Armory by the members of that organization, was one of the pleasantest entertainments of the season. Miss Stackpole and her talented sister, Mrs. F. A. Smith from Boston, Edward Hoffman, the pianist and others participated. The Worcester Choral Union visited us Friday and gave a concert in the evening at Music Hall. Jupiter Pluvius had things his own way all day and night as he had for several days and nights preceeding but the excursionists with an independence truly refreshing gave a most magnificent concert to a very slim audience.

The American Band concert at Music Hall Monday evening was the best that they have ever given here. They were assisted by Miss Annie Louise Cary who is a host in herself. The people's Concert came off Thursday evening and was well attended.—The fifteen cent. principle certainly received favor here, and of all the audiences I ever saw, this one was the most demonstrative. Each and every performer was encored and if the audience did not get their money's worth then there is "no such thing in the book."

CITY CONVENTIONS.

This afternoon the Republican City Convention meets to nominate a candidate for Mayor and other city officers. The democrats meet for a similar purpose in the evening. At the Democratic Primary meetings on Friday evening the average attendance in each ward was about four. The reporters sent out from the *Herald* office were invariable chosen Secretaries of the meetings and it is pretty generally thought among the profession that this was because the said reporters were the only persons present who possessed the rare accomplishment of being able to write.

MISCELLANEOUS.

Lucille Western opens at the Opera House to night as Lady Isabel in "East Lynn," a peurile play in which Miss Western behaves herself in such a manner as to incur the disgust of all sensible people.

The City Council is in session tonight.

It has cleared off at last.

EWERS T. ROOLT.

Opera House

The New Bedford *Mercury* says: The Adelphians performed in Liberty Hall, in a most acceptable manner to a delighted and appreciative audience. The plays presented were the beautiful two act comedy "Kind to a Fault," and the dashing burlesque of "Lurline," in both of which Mr. Hall and his full artistic support appeared. The characters were all excellently rendered, the acting being remarkably even in style. The company is composed of ladies and gentlemen of first class talent, and every detail calculated to please the audience is carefully observed.

Scandinavian Emigration.

In a quiet way the people of Norway and Sweden are packing up their household goods and betaking themselves to this country. A Scotch paper mentions the arrival of a party of Scandinavian emigrants at Granton—the fourth which has arrived there this season—on their way to the United States. The years 1868 and 1869 were noticeable for the large numbers of these people who immigrated to this country. Last year the immigration was less, but a large increase is probable this year from appearances. There are now many thousands of these thrifty, industrious, and moral people among us, and as most of those who come are farmers, who bring with them some capital to invest in land in our Western districts, they must be esteemed a desirable increase to our foreign population.

Notice--Canvass.

THE Board of Aldermen of Newport will be in session as a Board of Canvassers at their chamber in the City Hall, on WEDNESDAY, May 10th, 1871, at 10 o'clock, A. M., for the purpose of correcting and completing the Ward List of Voters in the First Ward in Newport, for the ward meeting to be holden on THURSDAY, the 11th day of May, 1871, for the election of a Second Councilman from said First Ward.

Witness my hand,

BENJAMIN MARSH, Jr.,

my6 4t City Clerk.

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.

NEWPORT, SC. CITY OF NEWPORT.

WHEREAS, The ballots given in by the qualified electors of this city at their ward meetings, legally holden on Thursday the 4th day of May instant, for Second Common Councilman, having been delivered to the City Clerk and opened and counted by the Board of Aldermen in open meeting: And it appearing that no person has a majority of said votes for Second Councilman from the First Ward to the City Council.

This Board do therefore order that another election be had, and that the same take place on THURSDAY the 11th day of May instant, at 10 o'clock, A. M., according to law, and that the City Clerk notify the qualified voters of the *First Ward* qualified to vote for General officers to meet in their ward, for the purpose of giving in their ballots for a Second Councilman as aforesaid.

IN FIRST WARD—At the Engine House No. 1, Bridge street.

Notice is therefore hereby given to the qualified electors in said ward, qualified to vote for General officers, and they are hereby warned to meet in ward meeting on THURSDAY the 11th day of May instant, at 10 o'clock in the forenoon, for the purpose of giving in their ballots for some one elector to represent said ward, as Second Councilman in the City Council for one year from the first Monday in June next.

Said ward meetings as the law directs, will be kept open until 5 o'clock in the evening and no longer.

Witness my hand, Newport, May 5, 1871.

BENJAMIN MARSH, Jr.,

my6 City Clerk.

OFFICE OF LIGHT-HOUSE ENGINEER,
THIRD DISTRICT,
TOMPKINSVILLE, N. Y., May 2, 1871.

Proposals for Materials and Labor for three Permanent Lights in Providence River, Rhode Island.

SEPARATE SEALED PROPOSALS will be received at this Office until noon of the 29th day of May, 1871, as follows:—

1st—For the labor and material for a Granite Pier at Fuller's Rock, Providence River, having a diameter of 14 feet at base, 13 feet at top, and 14 feet higher Fuller's Rock is bare at ordinary high water.

2d—For a Granite Rip-rap Foundation up to low water, and a Granite Pier of the same dimensions as that for Fuller's Rock, at Sassafras Point.

3d—For the materials and labor for a Frame Building (keeper's dwelling) 25 feet square, one story with mansard roof, and tower, for the Light at Pomham's Rock.

The plans and specifications for the above works are to be had at this office on application therefor.

Proposals must be in duplicate, accompanied by a guaranty in duplicate, and a printed copy of this advertisement attached to each proposal. They must be addressed to the undersigned, endorsed on the envelope "Proposal for Materials and Labor for Providence River, R. I."

This Office reserves the right to reject any or all bids, should they be deemed disadvantageous to the interests of the United States.

J. C. WOODRUFF,
Lieut. Col. of Engineers,
Engineer 3d L. H. District.

Executor's Notice.

THE undersigned having been appointed and qualified to act as the Executor of the last Will of the late ELIZA MITCHELL, hereby gives notice of his said appointment and qualification, and that if any person has any claim against the said estate they may present the same to him for payment.

WM. P. SHEFFIELD, Executor.

Newport, April 24, 1871.—1w-8w-Tu.

NEW ADVERTISEMENTS.

Engineer Office, U. S. Army,
Newport, R. I., May 9th, 1871.

Proposals for Materials and Work.

Public Improvements Amounting to $300,000.

Sealed Proposals will be received at this Office until 10 A. M. on Wednesday the Seventh (7th) day of June, 1871, under different appropriations, as follows:

1st—*Defenses at Dutch Island, R. I.* For lumber of various kinds, granite, blue stone, brick, hydraulic cement, iron, nails, &c.

2d—*Breakwater at Block Island, R. I.* Spruce timber and lumber, iron bolts, riprap granite, hydraulic cement.

3d—*Improvement Pawtuxet River, R. I.* For excavating in channel.

4th—*Improvement Pawcatuck River, R.I., and Conn.* For excavating in channel.

5th—*Improvement Thames River, Conn.* For excavating in channel.

6th—*Improvement of Connecticut River, Conn.* For excavating in channel, removing submerged rocks and building wing dams.

7th—*Improvement of New Haven Harbor, Conn.* For excavating in channel and removing submerged rocks.

8th—*Improvement of Housatonic River, Conn.* For excavating in channel, removing submerged rocks and building wing dams.

9th—*Improvement of Bridgeport Harbor, Conn.* For excavating in channel and building jetty.

10th—*Improvement of Port Jefferson Harbor, Long Island, New York.* For excavating in channel and building jetty.

11th—*Improvement of Peconic River, Long Island, New York.* For the use of a dredging machine to work on time.

Proposals must be made separately under the different appropriations. They must be in duplicate accompanied by duplicate guarantees. Full information in regard to this work, blank forms for use and DETAILED SPECIFICATIONS OF THE MATERIAL REQUIRED AND OF THE WORK TO BE DONE will be sent from this office to all who will apply for them. In making such application it should be stated how many of the works it is designed to propose for, so that blanks and specifications in sufficient number can be supplied.

Office Chief Quartermaster,
First Quar's District, D. E.,
New York City, April 3, 1871.

SEALED PROPOSALS, in duplicate, with a copy of this advertisement attached to each, are invited and will be received at this Office until 12 m. May 31, 1871, for supplying this Department with the following-named quantities of forage and straw, more or less, viz:

Fort Columbus, N. Y. Harbor—25,153 lbs. Oats, 30,660 lbs. Hay, and 109,000 lbs. Straw.

Fort Wood, N. Y. Harbor—1,705 lbs. Oats, 5,110 lbs. Hay, and 20,754 lbs. Straw.

Fort Hamilton, N. Y. Harbor—20,060 lbs. Corn, 847,143 lbs. Oats, 455,660 lbs. Hay, 155,400 lbs. Straw, and 5,090 lbs. Bran.

Fort Wadsworth, N. Y. Harbor—8,000 lbs. Corn, 33,734 lbs. Oats, 51,240 lbs. Hay, and 22,650 lbs. Straw.

David's Island, N. Y. Harbor—69,120 lbs. Oats, 90,660 lbs. Hay, and 144,314 lbs. Straw.

Fort Trumbull, Conn.—26,352 lbs. Oats, 33,711 lbs. Hay, and 31,344 lbs. Straw.

Fort Hale, Conn.—144 lbs. Straw.

Plattsburg Barracks, N. Y.—15,325 lbs. Oats, 90,000 lbs. Hay, and 26,000 lbs. Straw.

Fort Adams, R. I.—112,000 lbs. Corn, 351,356 lbs. Oats, 643,144 lbs. Hay, and 197,951 lbs. Straw.

Willet's Point, N. Y. Harbor—32,919 lbs. Corn, 60,000 lbs. Oats, 125,100 lbs. Hay, and 70,350 lbs. Straw.

The Corn and Oats must be entirely free from dust or other impurities, and put up in good substantial sacks, securely sewed to prevent wasting; and the Hay and Straw in bales, free from en plus wood or other foreign matter.

These supplies must be delivered at the wharves of the respective posts at such times and in such quantities as may be required by the Quartermaster's Department, and payment will be made according to the weights, as certified to by the Post Quartermasters at the places of delivery.

Bidders must state separately the prices at which they will deliver the corn, oats, hay, oat straw, rye straw, and bran, herein called for, at each of the places.

The prices of the corn, oats, and bran must include the necessary sacks.

Each bid must be accompanied by a guarantee, signed by two responsible persons, that in case the bid shall be accepted and a contract entered into, they will become sureties in a sum equal to one-fourth of the amount of the contract for the faithful performance of the same.

No bid will be entertained that is not made in accordance with this advertisement, and bidders have the privilege of being present at the opening of the bids.

The Government reserves the right to reject any or all bids regarded as disadvantageous to the Department, or to accept such portion of any bid, not less than for one post, that may be deemed of advantage to the public interest.

Bids may be made and will be entertained for delivering the forage and straw herein called for at any one or more of the posts.

Proposals must be indorsed, "Proposals for Forage and Straw," and addressed to the undersigned, of whom any other information can be obtained.

By order of Bvt. Major Gen. Rufus Ingalls, Colonel and Asst. Qr. Mr. General.

R. N. BATCHELDER,

Office Chief Quartermaster,
First Quar's District, D. E.,
New York City, April 4, 1871.

SEALED PROPOSALS, in duplicate, with a copy of this advertisement attached to each, are invited, and will be received at this Office until 12 m., May 31, 1871, for supplying this Department with the following-named quantities of fuel, more or less, viz.:

Fort Columbus, N. Y. Harbor—110 cords Wood, 440,000 lbs. Stove, and 2,611,500 lbs. Egg Coal.

Fort Wood, N. Y. Harbor—220,200 lbs. Stove, and 900,800 lbs. Egg Coal.

Fort Hamilton, N. Y. Harbor—100 cords Oak, and 17 cords Kindling Wood, and 1,249,000 lbs. Stove, 440,000 lbs. Egg, and 300,000 lbs. Nut Coal.

Fort Wadsworth, N. Y. Harbor—200,000 lbs. Stove, 60,000 lbs. Nut and 145,140 lbs. Egg Coal.

David's Island, N. Y. Harbor—100 cords Wood, 389,650 lbs. Nut, and 2,530,000 lbs. Egg Coal.

Fort Trumbull, Conn.—60 cords Oak Wood, and 20 cords Kindling Wood, and 315,719 lbs. Stove, 325,713 lbs. Nut, and 315,715 lbs. Egg Coal.

Fort Hale, Conn.—10,000 lbs. Stove Coal.

Plattsburgh Barracks, N. Y.—200 cords Wood, and 600,000 lbs. Egg Coal.

Fort Adams, R. I.—1,632,000 lbs. Stove, 272,000 lbs. Nut, and 316,600 lbs. Egg Coal.

Willet's Point, N. Y. Harbor—62 cords Wood, 334,000 lbs. Stove, and 1,060,272 lbs. Egg Coal.

The Coal is to be Anthracite, of the best quality, and the Wood to be sound, dry, and merchantable, and free from crooked limbs, 128 cubic feet to the cord.

The wood is to be delivered on the wharves, and the coal in the yards or places provided for their reception at the respective posts, and the trimming must be done by the contractors.

Deliveries must be made at such times and in such quantities as may be required by the Quartermaster's Department.

Payments will be made in New York City, according to the weights or measurements certified to by the Quartermasters, at the places of delivery.

Bidders must state separately the prices at which they will deliver the wood and coal called for, or either of them, at each of the posts.

Each bid must be accompanied by a guarantee signed by two responsible persons, that, in case the bid is accepted and a contract entered into, they will become sureties in a sum equal to one-fourth of the amount of the contract for the faithful execution of the same.

No bid will be entertained that is not made in accordance with this advertisement, and bidders will have the privilege of being present at the opening of the bids.

Bids may be made and will be entertained for one or more of the posts.

The Government reserves the right to reject any or all bids regarded as disadvantageous to the Department, or to accept such portion of any bid not less than for one post that may be deemed of advantage to the public interest.

Proposals must be indorsed, "Proposals for Wood and Coal" (or either of them, as the case may be), and addressed to the undersigned, to whom application should be made for other information.

FRANCE.

A Proclamation by Theirs.

VERSAILLES, May 8.

President Thiers has issued a proclamation to the people of Paris, in which he says the government will not bombard the city but will make an assault upon the ramparts. He requests the citizens to rally around the troops, and promises, in return for their aid, the granting of an amnesty and the continuance of the subsidy of the poor.

A later despatch from Versailles says that M. Thiers in his proclamation to the people of Paris, adds that the Germans declare they will mercilessly resume the war, unless the insurrection is at once suppressed.

The proclamation closes as follows: "Reunite and open the gates to us. The work of the cannon will then cease, and tranquility and abundance will take its place. We are marching to deliver you, and will be among you in a few days. You can aid us."

LONDON, May 8.

It is again rumored that the Emperor Napoleon has gone to France secretly, relying upon the disaffection in the army for support in an attempt to regain the throne.

VERSAILLES, May 8.

Nothing of importance occurred during last night. The new battery at Montretout, mounting eighty-two guns, will open fire on Paris to day.

BERLIN, May 8.

It is stated upon what is said to be the official authority, that enlistments of men for the support of the cause of the Emperor Napoleon in France are being made in America.

The London Times on the American Treaties.

LONDON, May 8.

The *Tribune* of to day, in an article upon the labors of the Joint High Commission, expresses the hope that the Congress of the United States will be willing to accept and approve the work of the negotiators. The treaty, says the *Times*, is as yet only a provisional one, and must be ratified by both Houses of Parliament. That it will be so ratified, however, the *Times* seems to be entirely confident.

Movements of the President.

HARRISBURG, Pa., May 8.

President Grant passed through this place on Saturday in company with Jay Cooke to spend Sunday at Newville, Pa., with Dr. Alexander Sharp, where his family have been for some time. The President returns to Washington this afternoon, leaving Newville at 11 o'clock, A. M.

GOV. ORR ON THE STATUS OF THE SOUTH.

NEW YORK, May 8.

The Transcript's special despatch says:—Judge Orr of South Carolina expresses his views at length, on the Ku Klux act, which he disapproves. He however believes the military leaders in the State, who have an influence and control of their former soldiers resembling that of the Scottish chiefs with their clans, could stop all violence and outrage at once by the simple expression of their disapprobation, and that they do not do this because they hope for some political advantage from the continuance of irritation and disturbances.

He does not expect any good result from the approaching tax payers convention, which he looks upon as a scheme of the Democratic politicians. This he thinks is shown by the fact that all the delegates appointed to the convention are bitter Democratic partisans, and also that gross misstatements are made and persisted in by the Democratic press and leaders about the taxation and the financial condition of the State.

The Judge thinks that the hope of the South for future quiet and prosperity lies in the gradual extinction of the bitterness caused by the war, in the education of the blacks, in the division of the whites into two parties, and the influx of immigration from the North.

Favorable reports of the crops are received from all parts of the country. The west coast of California and Oregon has been blessed with a good season. From the grain belt of the West and Northwest the reports are really cheering. The wheat crop indicates an abundant yield.

Washington advices say the treaty of the Grand High commission will be signed to day.

New Orleans advices report that Gen. Sherman was very much displeased with the newspaper reports of his recent speech there, charging that the reporters had misrepresented him.

Versailles advices say there is no disguising the fact that the insurrection is still in possession of all of its force and spirit, and that it presents a bold and determined front to the Government.

The Assembly demands the removal of Picard, Favre, and Simon, the Right seeing in these men, the persons responsible for the insurrection in Paris, and the Left regarding them as criminals unworthy to appear in the Chamber, except before the bar of the House.

RESUMPTION OF WORK AT THE COAL MINES.

PHILADELPHIA, May 8.

A despatch from Pottsville says the Kean and Austril's men at Minersville, resumed work this morning at operators' terms. The fixed wages are for miners $13; inside laborers, $11; outside laborers, $10 per week, and ten per cent. off for contract work.

SECOND DESPATCH.

PHILADELPHIA, May 8.

A Pottsville despatch says the following collieries resumed work this morning upon the operators proposition of April 22: Lawrence Merkle & Co., at Mahony plains, and Maple Dale at Mahony city. Others are preparing to follow. The coal operators consider the strike as virtually ended in this country.

HEAVY FROST IN THE INTERIOR.

POUGHKEEPSIE, May 8.

There is an extraordinary change in the weather. The farmers in the interior report a heavy frost last night. The wind is from the Northwest, and very cold.

REPORTED BURNING OF A TOWN.

CLEVELAND, May 8.

It is reported that the town of Fagundas, in the oil regions, was entirely destroyed by fire last night. No particulars have been received.

DR. SMITH,

No. 139 THAMES STREET.

WOULD invite attention to the "Combination Suction Plates," said by competent Dentists to be the greatest improvement in Mechanical Dentistry in thirty years. Insuring perfect security against rocking, moving or falling. Preventing particles of food from working under, and the amount of suction increased at least ten times over any plate in use. Equally applicable to the most difficult mouths or to partial sets.

He is also using a new base for Artificial Teeth, which promises to be incomparably superior to rubber. Combining strength, beauty and cleanliness with perfect freedom from taste or smell. nov21

REAL ESTATE BROKERS,

Bellevue Avenue & Catherine Street,

OFFER for rent a variety of Villas and Cottages on the Ocean and Bay shores and in the most desirable quarters of the city.

Also for sale, city and country residences, building lots of all sizes; and FARM LANDS on both shores at moderate prices.

jan 19

Jno. Fadden & A. Henderson,

REAL ESTATE AGENTS,

RESPECTFULLY offer their services in the above capacity to their Friends and the Public in general — from their long experience of eighteen years in Newport in the management of REAL ESTATE, in connection with their business as LANDSCAPE GARDENERS &c., they, with strict and prompt attention to business, feel confident of being able to give entire satisfaction to those who may call, or them as such.

The following parcels of Real Estate we now offer for sale on reasonable and easy terms:

One Large Stone House, well furnished, stable and other buildings, with nine or more acres of Prime Land, well stocked with Fruit and other Trees; fine view of the ocean, harbor and city.

One New Unfurnished House, built by the day of best material; six acres of land well situated, thoroughly drained, fine well, cisterns, &c.; large barn and stables, all new; fine Lawn sloping to the south; beauty of scenery unsurpassed. Will be sold cheap and on easy terms.

A Lot of Seven Acres on a new avenue, containing three good sites for small cottages.

A Splendid Lot of Fifteen Acres, water front, fine view of the ocean and Narragansett bay.

A Lot of One Acre or More, splendid site for a first-class mansion, five minutes' walk from the Bathing Beach.

A Large House and Lot on Bellevue Avenue, one of the very best locations.

Two Lots on John and William streets.

A Magnificent Lot of Seven or More Acres on the Bay, well stocked with fine Trees, one of the very best building lots; ten minutes' walk to the Post Office, worth more than is asked for it.

Two Furnished Houses with good Outbuildings, Handsome Lawns and Fine Trees and other appendages, all complete; prices moderate.

A Most Elegant Lot of three acres or more, on the Avenue, a rare chance for any gentleman wishing a first-class residence on Bellevue Avenue, near the city.

Thirty-three Acres, in Portsmouth, at $250 per acre, as much as desired on time; will exchange for city property.

A House and Lot on Coggeshall Avenue,—containing 17,000 feet, will be sold at a bargain.

A Handsome House and Lot, with large Barn, on Coggeshall Avenue, good view of the ocean.

Several Fine Shore Lots, rapidly increasing in value; first purchasers will double their money before many years.

A Handsome Cottage and good Lot on [illegible].

A Very Fine Lot for a six or ten thousand dollar cottage, beautiful location, cheap.

A Large and Elegantly Furnished House, with several Acres of Fine Land, graded and planted in the best possible manner, situated on high ground, a commanding view of all Newport; will be sold cheap, as the proprietor intends going to Europe.

A Good Lot of Four Acres; good view of the city and ocean.

Two Good Farms in Middletown, containing several Fine Building Sites, good ocean view; will be sold cheap.

A Large and well built House, overlooking Narragansett Bay; Lot 60,000 feet at 25 cts. per foot, including buildings, the cheapest property in market.

A Good Store and Lodging Rooms on Thames street; good location.

$50,000 Worth of Property on the Hill, Stores, Offices and Lodging Rooms.

A Good Farm, containing 17 Acres, a good well, the House and a New Building near the city,—will be sold before the 1st of June. A good location for a first-class house.

A Farm of 140 Acres, at Narragansett Bay, with good boarding House and Out-buildings, good Bathing and Fishing near to the house; will be sold for less than its value, the owner wishing to retire from business; rapidly increasing in value.

Also, Several Small Lots, in various parts of the city.

☞ No commission asked of parties selling their own property. The subscribers will be willing to give advice to such parties at all times, free of charge.

☞ References given if required. mh18

UNDERTAKERS; also, furnishers of CASKETS & COFFINS of every description and shape of everything connected with the management of FUNERALS promptly attended to.

ap18 LANGLEY & BENNETT

Ashes as Manure.

Mr. J. F. Blake contributes the following to the Maine Farmer on ashes as manures:

"Few farmers are aware of the value of wood ashes as manure; more especially as a top dressing for grass lands, and potatoes in the hill. Five years ago last May I spread a barrel of leached ashes on a few square rods of rundout grass land, and was astonished at the result. A thick coat of white clover, herds grass and red top started up the first season, increasing the growth full four-fold where before it was hardly worth mowing; and now, the past season—the sixth since it has been mown since the ashes were spread—there was twice the growth there was before it was spread. I have found it equally beneficial for potatoes in the hill, one handful being equal to a shovelful of barnyard manure. Potatoes are free from rot, which is not the case with manure or soil clay loam. What has made Long Island, with her comparatively barren soil, the garden of New York, but ashes? Her farmers understand the true value of the article, and buy all they can get of their more improvident neighbors. Vessel loads are shipped from all parts of the country every year to enrich her farmers."

Early Cucumbers.

There are several modes of growing early cucumbers. Our own is to plant the seeds early in hot bed. Soon after the plants begin to show their second pair of leaves, put a trowel or knife under them so as to sever the tap roots; in a day or two transplant them in the hotbed; do this without divesting the plants of earth. A week later push a knife down around them so as to cut the lateral roots within an inch of the main root; then lift the ball and transplant it.

Once every eight days or so shorten the roots, each time going a little further out, and after each pruning transplant. Some two or three weeks before setting in the garden, transplant into cool frames, or admit cold air freely to harden. Nothing can be gained by transplanting into cold frames or into the soil till either place first becomes warm.

Small frames covered with glass may be advantageously used in the open field on cold nights, as a protection against frost or cold winds; but at other times the glass ought to be left off. In this way, if plants are properly hardened and balls of earth containing them are carried to the field and set without disturbing the roots, cucumbers can be had six weeks earlier than by planting seeds early in the open ground.—*Prairie Farmer.*

WARFIELD'S
Cold Water Soap

What the People Say of it:

The Workingman, a great Monthly published in Philadelphia, 502 Chestnut street, and "devoted to the best interests of all who labor with hands or brain" has a column in its November issue headed, INTERESTING TO EVERY HOUSEKEEPER, in which it says: "Any woman can try this soap for herself, in her own room. The result will be so like magic that she will be in surprise and delight."

"We have seen a lady take a badly-soiled tidy or antimacassar, ... in her room with this Cold-Water Soap, and in five minutes cleanse it as white as ... We have seen her take hair-ribbons, ... worsted work, cambric handkerchiefs, silk and kid gloves, etc., etc., and wash them in three or four minutes as clean as when they were new."

"For people who have their own washing ... the Cold-Water Soap will prove the kindest of friends."

The *Journal* ... *of Advertiser* (Oct. 29) says of this ... a collection of ... to help to discuss the merits of the great variety of soaps now before the public ... the unanimous verdict ... that Warfield's Cold-water Self-washing Soap is entitled to rank A No. 1."

A lady in Providence, writing to Mrs. B. F. Barton of Philadelphia, after using it three months, says: "This Cold-Water Soap is really one of the greatest inventions of the age. A lady in this city washed a ... with it without injuring the ... and ... the colors."

... similar to the foregoing might be ... but nothing will be half so convincing as ... the soap ready.

The University Medicines

are not patent medicines, but the Favorite Prescriptions of the New York Medical University, an incorporated Institution of the State, and are prepared in consonance with the views of a number of distinguished living American practitioners, who believe that the time is come when educated physicians should arise and make a decisive effort to overthrow the health-destroying system of quackery prevailing in every town and city, and substitute scientific, responsible remedials—made in accordance with the principles of Medical Chemistry—in place of the worthless or dangerous patent Medicines flooding the country.

A knowledge of Medicine and Chemistry, as profound as that of any physician that has ever lived, enables us to warrant these Compounds to be the most perfect Curatives for disease ever placed before the people. What may seem almost incredible is the astonishing rapidity with which they cure disease hitherto considered incurable.

They are combined, with great care, from fine Chemicals, with a true knowledge of their therapeutic properties and physiological effects. Nothing cheap, impure, or poisonous, has been tolerated in their composition.

They are the finest prescriptions of a body of eminent American professors, and have been thoroughly tested in one of the most extensive and successful practice of the day.

The University Medicines

are to-day sweeping the country from Maine to Mexico, becoming the leading Health Restoratives, and rapidly superseding the old potions, nostrums, and nauseous drugs, and their sale is becoming enormous. They are now regularly prescribed by over one thousand physicians.

No Forged Certificates Required.

No medicines ever originated have received so many genuine certificates of cures in so brief a space of time. We are daily receiving letters from every part of the country, from patients and physicians, recording the most astounding cures performed by these remedies. Many of these cases had been considered beyond the power of cure. We wish that we could publish these letters for the encouragement of the afflicted, but a book of 1,000 pages would not contain them.

From our Letter-Files.

In order to convince the skeptical, we this day publish the following opinions selected from many thousands voluntarily given by intelligent, respectable people who have used the UNIVERSITY MEDICINES themselves, or in their families, as a moral guarantee that these magnificent remedies are totally unlike the patent nostrums of the hour.

SS.—Personally appeared before me, J. W. Scott, President; L. Barrett, Vice-President; John G. Howard, Treasurer; and George Powell, Secretary of the New York Medical University, and made oath upon the Holy Evangel of Almighty God, that the following are genuine, unsolicited extracts, taken from original letters being daily received at the Institution. WM. H. HIBLET, Notary Public, Corner Ninth street and sixth avenue, New York.

SURGEON GENERAL'S OFFICE,
WASHINGTON, March 10, 1869.

Professors—Please forward my second order for University Medicines. I am pleased to say that I have found them of great service in the treatment of patients under my charge.

A. A. Sargeon, U. S. A.

260 CONGRESS ST., Portland, Me., May 1, 1870.

Professor Scott and Associates—The UNIVERSITY MEDICINES are rapidly revolutionizing the practice of medicine in Maine. * * * I have over five hundred patients. * * * Here, in Portland, I have taken away two-thirds of the doctors' patients. * * * I have nearly two hundred agents, and am establishing ten agencies a day. * * * I shall sell $100,000 worth of UNIVERSITY MEDICINES in Maine this year. * * * I am worn out with hard work. * * * I enclose you a number of certificates of great cures. * * * I will pay $1,000 if one of them can be found that is not genuine. * * *

P. STAPLES, State of Maine Agent.

MOBILE, Ala., May 3, 1870.

Gentlemen—Send as a full line of your goods by steamer as soon as possible, as we intend to make the sale of the UNIVERSITY MEDICINES a specialty, having more confidence in their curative properties than any medicines we have ever sold. In act we have the most unbounded belief in them, and always recommend them to our customers in preference to all others we have ever known. We have recently made some astonishing cures in Mobile of Scrofula, Catarrh, Kidney Diseases, etc., with your Cancer-Plant, Lithia, Specific, etc.

L. D. & B. G. GOULD,
Druggists, thirty-five years' standing.

From a distinguished member of Congress.
WASHINGTON, May 4, 1870.

My Dear Doctor—Your medicines seem to act favorably on the nerves, as well as the blood. * * * I am much improved. * * * My limbs are wonders of medical science. * * * I have every faith in your medicine and skill. * * * I believe that you are enlightened of God to do a great work, and I at you will do it. * * * You have done a great deal for me. * * * You understand your business. * * * You are the second physician whom I have confidence in. * * * I would not trust the blockheads down here to give physic to my horse. * * *

BLAIRSVILLE, Pa., April 13, 1870.

To Professor Scott—Enclosed please find sketch of the case of William Garson, of this place, aged 48—Disease, indurated scrofulous ulcer of the right leg, painful and gangrenous, of 20 years' standing. It had exhausted all the skill of numerous physicians during that time.

This terrible picture was his condition on the 1st of February, 1870.

By the use of the Cancer Plant Extract, Healing Blood-and-Bone Ointment, and May-Apple Pills, he is now entirely cured.

This case has attracted remark and amazement.—He being a poor man, and one turned out to die, the medicines were furnished at cost—$15.

Besides, your Five Minute Pain Curer and Neuralgo-Rheumatic Elixir have straightened his neck, drawn to an angle of 45 degrees.

I took him in hand, while all the doctors laughed at me, and considered it a good joke to attempt to cure this poor man; but, thank God, I have cured all his maladies, restored his strength, and made him a well person with the UNIVERSITY MEDICINES.

I think, Doctor, that God has inspired you to bring forth remedies for the cure of His afflicted children that nothing in the shape of medicines has yet approached.

SAMUEL E. GREEN.

1,553 THIRD AVENUE, New York, June 23, 1870.

Professor Scott and Associates—It is truly gratifying to know that science has at length triumphed over quackery. I have been using the UNIVERSITY MEDICINES in my regular practice for some time with the most remarkable success. Disease of every character rapidly succumbs to their healthful influence. You are evidently destined to overthrow the old practice of medicine.

CHAS. K. DRAPER, M. D.

Dr. Scott, &c.—For years I have suffered with Cancer of the breast. What my sufferings were, tongue can never tell. In a dying condition I came to you, and commenced using your Cancer Plant and Ointment. Almost immediately, all pain ceased.—The tumor has vanished, and through the providence of God, I am a well woman. In my deep gratitude, and from a sincere interest in the welfare of those similarly afflicted, I shall be pleased to answer all questions.

New York, Oct. 19, 1869. MISS E. CAREY.

Three bottles of your Hydrated Oxymel cured me of Consumption, although our Bridgeport physicians said that I could not be cured.

GEORGE D. REYNOLDS.
Metallic Cartridge Company, Bridgeport, Conn., March 1, 1870.

Professor Scott—Through the recommendation of C. W. Huntington, Esq., of Hartford, who has successfully used your Lithia as a remedy for disease of the Kidneys and Liver, I am induced to order some.

Unionville, Conn., Jan. 1, 1870. L. M. MASON.

Dr. Scott—Three months ago, I was attacked with Heart Disease. Our family physician pronounced it Neuralgia of the heart, and prescribed medicine without benefit. I also ascertained that I was affected with that awful disease, Spermatorrhœa. I forthwith obtained your Ethereal Phosphorus, and after taking four bottles was completely restored. Afterward I had pain in my back, which your Lithia cured. My oldest boy had the skin disease—Herpes—and doctored five years without relief. I gave him two bottles of your Cancer Plant Extract, and, thank God, he is well. WASHINGTON TYSON.

Pottstown, Pa., Jan. 5, 1870.

Derby, Conn., Jan. 21, 1870.

Dr. Scott—I came to the conclusion that you were trying to cure people, which is more than most doctors do nowadays. I got a bottle of Lithia for my wife's kidney disease, which none could cure, and I found it helped her immediately. D. CAMP.

Towanda, Pa., April 17, 1870.

Dr. Scott—I have used your Extract of Cancer Plant for the blood, and pronounce it the king of alteratives. A. N. NELSON.

165 North Main St., Providence, R. I.

Professors—Some of my friends and myself have tried the UNIVERSITY MEDICINES, and found them satisfactory beyond our expectations.

From the well-known eminent Dr. Buckler Jones:
Baltimore, Md., Oct. 17, 1869.

I have a lady under my care with Cancer in the left breast. I recommended her to use your remedies, and with the most marked benefit and decided improvement in every respect.

J. BUCKLER JONES, M. D.

Ashland, Pa., 1870.

Dear Sirs—I have prescribed your Hydrated Oxymel for Bronchitis, and the Yellow Jessamine for Heart Disease, with great benefit, and am convinced of their efficacy. DR. JOHN B. KENNEDY.

Newport, R. I., Jan. 14, 1870.

"Io Triumphe" should be the motto of your medicines. They have cured me after all our Newport physicians have failed. J. W. TILSON.

76 Temple St., Hartford, Jan. 19, 1870.

Dr. Scott & Co.—Four bottles of your Ethereal Phosphorus have acted very strengthening to my system. R. KINZEL.

VERNON, Conn., May 4, 1870.

Doctors—I obtained eight bottles of your Ethereal Phosphorus for Spermatorrhœa. I am using it according to instructions, and feel a marked improvement. The lustre of my eyes has returned, and my whole countenance is brighter. It is slowly but surely curing me. Thanks to your wonderful medicine, it is helping me in many ways, etc., etc.

E. L. RISLEY.

FAIRPORT, Iowa, March 5, 1870.

Gentlemen—Your Katalpa Extract works magically. There is nothing equal. I have been affected with sick headache and liver complaint since last spring. Took three doses of your Headache Pills and can say they have cleared my head out as clear as a bell. I gave the balance away, saying: "Gentlemen, be convinced—I am." DR. McKENNA.

YARMOUTH, Me., May 9, 1870.

Doctor—My mother is taking your Cancer Plant for Dropsy. Two bottles have done her more good than three years' doctoring from the best physicians of this place. * * * I hope the Lord will continue to prosper you in the good work.

MRS. SARAH A. WITTON.

53 MARKET ST., Pittsburgh, Pa., July 1, 1870.

Professor Scott—Although dispensing the UNIVERSITY MEDICINES but a short time, I am confident that where they are given a fair trial they will work wonders as curers of disease, and give general satisfaction. All here medicines proving successful, and my practice is rapidly increasing.

J. H. YOUNG, M. D.

OFFICE BLANCHARD HAME CO.,
Palmer, Mass., May 4, 1870.

Professors—The University Medicines are effecting some remarkable cures here. Send me one dozen of Cancer Plant and Chemical Ointment.

A. B. CHAPMAN, Secretary.

PHILADELPHIA, June 23, 1870.

Professors—We have just been handed a bottle containing a piece of tapeworm, 13 feet 8 inches in length, which was brought away by the use of one bottle of Cancer Plant and the May-Apple Pills.

We also have just cured a lady of gravel of many years' standing, by using Lithia and Alkaline Resolvent. JOS. C. HARROLD.

I find the UNIVERSITY MEDICINES work like a charm in my practice.

W. Waterville, Me. W. H. HICKS, M. D.

And thousands upon thousands of others. Can any other medicines show a similar record?

JURUBEBA.

WHAT IS IT?

It is a sure and perfect remedy for all diseases of the LIVER AND SPLEEN, ENLARGEMENT OR OBSTRUCTION OF INTESTINES, URINARY, UTERINE, OR ABDOMINAL ORGANS, POVERTY OR A WANT OF BLOOD, INTERMITTENT OR REMITTENT FEVERS, INFLAMMATION OF THE LIVER, DROPSY, SLUGGISH CIRCULATION OF THE BLOOD, ABSCESSES, TUMORS, JAUNDICE, SCROFULA, DYSPEPSIA, AGUE AND FEVER OR THEIR CONCOMITANTS.

Dr. Wells having become aware of the extraordinary medicinal properties of the South American Plant, called

JURUBEBA,

sent a special commission to that country to procure it in its native purity, and having found its wonderful curative properties to even exceed the anticipations formed by its great reputation, has concluded to offer it to the public, and is happy to state that he has perfected arrangements for a regular monthly supply of this wonderful Plant. He has spent much time experimenting and investigating as to the most efficient preparation from it, for popular use, and has for some time used in his own practice with most happy results the effectual medicine now presented to the public as

Dr. WELLS' EXTRACT of JURUBEBA,

and he confidently recommends it to every family as a household remedy which should be freely taken as a Blood Purifier in all derangements of the system and to animate and fortify all weak and lymphatic temperaments.

HAIR TEA.

THE VIRTUES of simple Tea as a Hair Tonic and Preserver have long been known, but no attempts have been made to extract the oil scientifically.

By a process peculiar to this preparation, the

Essential Oil of the Tea Plant

has been added to other vegetable extracts, and

UNEQUALLED TOILET ARTICLE

FOR THE HAIR IS THE RESULT.

It is especially useful to prevent the hair from falling out or growing thin, and as a wash for the scalp, to stimulate the hair bulbs and prevent the gradual decay and loss of color in the structure of the hair tubes. Price, $1.00.

☞ FRESH OYSTERS received daily.

Notice.

THE undersigned takes this opportunity to inform his friends and customers that he has disposed of his meat and market business to

JAMES T. HAZARD,

who will continue the same at the OLD STAND NO. 40 BROAD STREET.

He trusts that the liberal patronage extended to him will hereafter be bestowed on his successor who will endeavor to meet the demands of the public on him in all respects.

GEO. H. HAZARD
